PRLS stands for Potential Rotary Leaders Seminars and is a program of District 5240, USA. The goal of PRLS, begun in 1993, is to provide a set of training sessions wherein current and future Rotary leaders could learn to become more effective in their leadership roles. The basic PRLS course consists of a one-day event covering five sessions: "Leadership," "Leading a Meeting," "Public Speaking," "Rotary, Your Club and You," and "Communications."

THE OBJECT OF PRLS

To provide an environment for current and potential Rotary leaders to learn how to be more effective as individuals on a daily basis.

This program was specifically developed to train individuals whose goals include a future leadership position in Rotary. They learn skills that will make them more effective in that role. The instruction was carefully designed to improve individual leadership skills that are broad based and not just Rotary-specific. Participants have found substantial value in the many practical applications of information presented throughout the curriculum. The program's blend of curricular theory and practical application skills helps prepare students for success in any leadership role."

**NEWS - JULY 4TH
GOLETA FIREWORKS
FESTIVAL CANCELED**

Postponed???

All that work and excitement went up in smoke. Yes, there is a pun intended.

Last week's speaker was our own Bruce Holms. He reviewed the event, gave us thoughts for the future.

We were ready to go. Volunteers, vendors, musicians, pyro-technicians, law enforcement and the clubs were ready at the helm for a spectacular event.

Unfortunately, the GAP fire started shortly after our club meeting adjourned on Tue.

The Fireworks committee

met on Thursday morning and the Festival was still a go. However, we were cautiously preparing "PLAN B" - just in case the fire became a safety issue.

Several committee members met with the City on the afternoon of the 3rd. The City requested that it be "Postponed" after our own Mayor MTB made the announcement publicly. We agreed it was in the best interest of our citizens to do so. There was an emergency fireworks committee meeting at 4:30 pm during which we agreed to postpone the Raffle as not all tickets were in.

We hope to be able to re-schedule the fireworks festival in some form in the near future. We will have to work through the City as the ordinance does not currently allow for a "rain date".

The committee will keep you

apprised as information becomes available.

We hope everyone was safe this past weekend.

Thank you to Michael T and Dan who did a grand job of keeping the community safe and informed.

Upcoming Programs:

7/15 RF and micro freq I [BH]

7/22 RF and micro freq II [BH]

7/29 Carbon Sciences [DG]

8/5 Dawn Hampton [BT]

Last week there were no visitors or guests.

Visiting Rotarians and Guests

Invite your friends and business acquaintances to join us for lunch. We are always looking for new members. Shortly, we will advise the club of the new member's orientation that we provide quarterly. It is a great way for prospective members to learn more about Rotary

and our club. Bring a family member to one of our Tuesday lunches. Let them see for themselves how much fun we have. You could be the next new member sponsor. How proud you will be! Let's make Barbara's goal of 4 new members a reality this year.
